

Anthony Bailey

Senior Consultant

Anthony Bailey joined the firm in 2012, and has experience with in-depth analysis of executive compensation plans and a broad range of knowledge concerning corporate governance. His work has included pay/performance alignment analysis, equity utilization, governance trend studies, compensation benchmarking, and incentive program design.

He has worked with several industries, including capital goods, financial services, insurance, information technology, research and consulting, and retail.

Anthony leads the equity utilization team and is a member of the financial services and valuation teams. The equity utilization team analyzes annual stock usage and measures the cost to shareholders. The financial services team focuses on compensation and governance in the banking industry. The valuation team performs accounting valuation models for various equity incentives.

Anthony graduated from Bryant University with a major in Social Research and minor in Applied Statistics. Prior to joining Meridian, he worked for GMI Ratings, an independent ESG and accounting related risk analysis firm.

Anthony is located at the company's Boston, MA office.
